No Monarchy!! No leader!! Anarchy!!

On a more serious note, please do not make threads saying "Who is the most popular" or "Vote for forum ruler." That just hurts the feeling of people who were not mentioned. Instead of one forum leader, lets all rule a separate thing. Like me bing the empress of positivity! No one is the ruler of the forums, but we can all still be kings and queens of our own things! For the happiness of others!!

@Bastat

We've had people try to make rulers before and it has happened again, there's no problem with telling people why it doesn't work and that it's a problem. We aren't attacking the person who made the threads, but it's nice to remind people why we don't do that(plus having people jokingly talk about anarchy is all in good fun). If they are leaving because they feel attacked then they're taking it the wrong way.
